### PERSONAL PROFILE

---

I am a junior developer looking to start my career in the tech industry after having previous experience in retail. Currently pursuing a Level 5 Diploma in Web Application Development in collaboration with Code Institute and London South Bank University. My skills include **HTML**, **CSS**, **Bootstrap**, **JavaScript**, **React**, **REST APIs**, **Git**, and **GitHub**. I am learning **jQuery** and how to utilize **Jest** to further my skills and interests.

### PROJECTS

---

#### CyberDyne

<https://anthonyradose.github.io/cyber-dyne>

A to-do list app inspired by an 80/90s aesthetic made with HTML, CSS, and Vanilla JavaScript.

#### Pokémon Pokédex

<https://anthonyradose.github.io/pokemon-app>

A partial clone of the official Pokémon pokédex you would find on google. Built with create-react-app and launched with gh-pages, it uses React-Router to navigate the various pages and gets its data from a REST API. It was created with HTML, CSS, React and Material UI.

#### Weather App

<https://anthonyradose.github.io/weather-app>

A weather app that can give you detailed weather information about any city in the world for the next five days, created with HTML, CSS, React, and the utilisation of REST APIs.

#### Landing Page

<https://anthonyradose.github.io>

My portfolio that contains all my contact info, an about-me, and links to my projects. It was made using HTML, CSS, React and Bootstrap.

## PREVIOUS WORK

---

### **Career Break** – (July 2020 - present)

During the pandemic I had the fortune to pursue a different career path (Web Development), which is what I am dedicating my full time to.

### **Bread Ahead – Barista** – (December 2019 – June 2020)

- Customer service such as operating the till, answering the phone and waiting tables
- Food preparation and stock management
- Opening and closing the store

### **Domino's Pizza – In-Store Assistant Manager** – (October 2018 – November 2019)

- Monitoring stock, cashing up drivers, closing the store and cashing up the till
- Training and developing staff on how to take orders, make orders, interact with customers, and conduct themselves professionally
- Dealing with all aspects of customer service i.e., customers' orders, inquiries, and complaints, in person or on the phone

## EDUCATION

---

**L3 Diploma** - An Introduction to Web Development (Southbank University (Code Institute))

**B-TEC National Certificate** - Health & Social Care (P, P)

**AS Level** - Math's (B)

**GCSEs:** Math's (B), Religious Education (B), English (C), Double Science (C, C)

## HOBBIES AND INTERESTS

---

- I enjoy attending tech meetups (Silicon Milkroundabout) and participating in hackathons (Code Institute)
- Currently learning French
- Love listening to and playing music (guitar)
- Avid reader of sci-fi and fantasy novels
- Big movie & TV fan
- Video Games are life
