Personal Profile

I'm a Junior Full-Stack Developer with hands-on experience building responsive, user-focused web applications. I enjoy problem-solving, writing clean and maintainable code, and collaborating on projects. I continue to develop my skills through freelance work and hackathons.

Education

Diploma in Web Application Development (Level 5) – Code Institute, London
Sep 2023 – Sep 2024

Technical Skills

Front-End: HTML, CSS, JavaScript, React, Bootstrap, Tailwind
Back-End: Python, Django, Flask
Databases: PostgreSQL, MongoDB
Tools & Platforms: Git, GitHub, Heroku, AWS
Testing: Jest, Vitest
Other: Agile

Portfolio Projects

Maryam Coaching (Freelance Project)
Four landing pages for a therapy business, each with tailored booking logic and campaign-specific content.
Tech: HTML, CSS, Tailwind, React, TypeScript
GitHub: https://github.com/anthonyradose/maryam-coaching

Obscura View
Simulated E-commerce photography print store offering a professional gallery experience with seamless browsing and checkout.
Tech: HTML, CSS, Bootstrap, JavaScript, Python, Django, PostgreSQL, Stripe API, AWS
GitHub: https://github.com/anthonyradose/obscuraview_milestone_project4

Gamesay
Game review platform using the RAWG API, designed for fast search and minimalist user experience.
Tech: HTML, CSS, Bootstrap, JavaScript, Python, Flask, MongoDB
GitHub: https://github.com/anthonyradose/gamesay_milestone_project3

Dev-Worthy
Motivational web application that helps aspiring developers overcome impostor syndrome.
Tech: HTML, CSS, Bootstrap, React, Vitest
GitHub: https://github.com/anthonyradose/dev-worthy

Work Experience

Freelance Web Developer
Sep 2025 – Present
- Built a reusable landing-page system using React, TypeScript, and Tailwind CSS.
- Created a config-driven architecture enabling targeted advertising campaigns with shared components.
- Integrated the WordPress API to fetch and display Google Reviews.
- Implemented Framer Motion animations for improved UX.

Web Development Career Transition
Jun 2020 – Aug 2025
Completed a structured self-learning journey into full-stack development, focusing on JavaScript, Python, frameworks, and practical projects. This period is summarised under Certifications and Projects.

Barista — Bread Ahead, London
Nov 2019 – Mar 2020
- Provided customer service: tills, phones, and table service.
- Assisted with food preparation and inventory organisation.
- Responsible for store opening and closing procedures.
